May 29, 2007

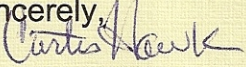

Rex,

Thank you for such a wonderful performance!

Living the stressful lives of the Emergency Management field we can be a tuff bunch to entertain. You presented such a great show that they were still laughing over your performance long after the evening ended.

Your CD "Not Your Day!" is now part of my wife's collection that she shares with all of her female friends.

You are truly a great performer!

Sincerely,

Curtis Hawk
